External Email Warning! This email originated from outside of Chelan County.

Good Morning Pam,

Here is the information I can best give you for the attached court order:

- Jeremiah Johnson is the Operations Manager of RiverCom 911. Jeremiah began employment in March 2008 as an Emergency Systems Dispatcher, was promoted to Supervisor in July 2011, then an internal transfer to Radio Systems Technician in June 2017, with his current promotion of Operation Manager in June 2022. Due to Jeremiah's long standing employment with RiverCom 911, he has a professional relationship with many law enforcement officers but no personal relationships to our knowledge.
- CAD Call logs contain no metadata, RiverCom has confirmed this with the Spillman.
- Attached is the metadata for the 911 audio.

Please let me know if you need anything else.

Thank you,

Kayla Hodges

Hello,

Attached is the order that we talked about on the phone with regard to what the court ordered our office to obtain from your office. As you can see, this order is requesting any additional information on Jeremiah Johnson's employment with Rivercom and any relationship with law enforcement. The order also states that my office is to provide any metadata with respect to the 911 calls and the CAD log.

Thank you very much for your help.
